*please note that the BU16 and GU16 Metro will operate a little differently this year. They will play 8 weekends of Metro league soccer, but will only be playing the same number of games as they would if they were playing 5 weekends. This means they will play less games per weekend (1 – 2) more frequently. This is an effort to make their schedule more like that of the senior leagues and to minimize the impact of the Provincial League play on U16 Metro League.
